

RANDY NEWMAN

Computer Specialist for Business or Home
214-232-9685 c 214-221-2595 H ran@ongoingtech.com

A little about my company Ongoingtech.

Before going on my own I was a Sr. Computer Systems and Network Manager for many years. I have diverse clientele including law offices, oil companies, and the private sector that I have helped since the mid 90's. I'm also involved in desktop publishing, graphic and engineering design.

Here is a general list of some of things I offer:

Business offerings:

1. Network design, building wiring, installation, setup and trouble shooting.
2. Local Area Networks, Wide Area Networks, and Remote Access from the ground up.
3. Project management and planning for new and or moves of businesses.
4. Coordinator and cost analysis for telephone, internet, technology and providers.
5. IP Telephony with Asterisk and 3-Com NBX. Maintance and configuration of older telephone systems such as Panasonic, Lucent, AT&T, and Avaya.
6. Integrated anti-virus and email systems.
7. Complete services and integration of Linux, Unix, Windows and MacOS.
8. Graphic Design, Prepress, 3D Modeling-Animation, Digital video, Multimedia, Web design, setup and installation.

Technology offerings: (server programs and services): Linux, Unix, Windows and MacOS. DNS, TCP/IP, RIP, POP3, SMTP, Sendmail, IMAP, WWW, FTP, SSH, PPTP, IPsec, VLAN, NT PDC-BDC, 2000 Server, 2000 AD, SBS 2003, 2003 Server, Exchange, OWA, IIS, WINS, DHCP, RAS, AppleTalk, Apache, Netatalk, Netinfo, Samba, AntiVirus, firewall and filtering devices. Remote administration setup and maintenance.

Design offerings: (programs and services): Acrobat, Quicktime, Real, Fireworks, Photoshop, Illustrator, Freehand, Quark, Flash, Dreamweaver, Electric Image, Strata Studio Pro, Carrara, Pixels 3D Studio, AutoCAD, Rhino, Fontographer, After Effects and Premiere. DTP, electronic documents and 3D.

If there is anything I can be of service please let me know.
I'm available 24/7.

Randy Newman
